

## **ZCL appoints Darin Coutu as Chief Financial Officer**

For Immediate Release

Edmonton, Alberta, September 28, 2007... ZCL Composites Inc (TSX:ZCL) announced today that it is separating the positions of Chief Financial Officer and Vice President Finance and is appointing Darin Coutu as CFO, effective October 15, 2007. Bernie Lafferty, who currently holds both positions, will continue to serve as Vice President Finance.

“The decision to separate the roles of CFO and Vice President Finance results from our growth, including our doubling in size following the acquisition of Xerxes Corporation earlier this year,” said Ven Côté, ZCL’s President and Chief Executive Officer. “By strengthening our financial infrastructure, we will be better able to capitalize on new business opportunities, possibly including more acquisitions.”

As CFO, Mr. Coutu will report directly to the CEO and will oversee the financial affairs of ZCL and be responsible for investor relations, the optimizing of ZCL’s capital structure and internal communication systems. Mr. Coutu, a Chartered Accountant, was Executive VP & CFO of Edmonton-based Rentcash Inc. (TSX: RCS). Before joining Rentcash in 2005, he was Senior Assistant Vice President and Chief Accountant for Canadian Western Bank (TSX:CWB).

As Vice-President Finance, Mr. Lafferty will be specifically focused on integrating ZCL’s recent acquisitions, investigating future acquisitions and identifying areas of profitability improvement, in conjunction with the CFO. Mr. Lafferty will report to the CFO.

ZCL also announced that Simon Sochatsky has resigned from the Board of Directors, effective September 18, 2007. ZCL wishes to thank him for his seven and one-half years of service, and wishes him well in his future endeavours.

### **About ZCL**

ZCL Composites Inc. is North America’s largest underground fibreglass tank manufacturer. ZCL’s complete fuel storage systems, marketed under the “Prezerver” trademark, carry a \$2 million warranty against pollution.
